BATT SCREED ROLLER SCREED

The BattScreed is a patent pending battery powered roller screed - powered by a DeWalt 60V Li-Ion battery. The unique tube inserts make for quick connection to different length tubes to suit many applications.

- No Hoses, Cords or Fumes
- Powered by a Dewalt 60V Flex Volt Li-Ion Battery
- Screed from 0.9-6.5m
- Screed can be cut to exact length
- Unit folds compact for transport
- Handle can be set in three different positions for ease of use.

RSBS6000

\$4995+GST

Tube to Suit - \$77+GST per metre*

MADE IN USA

Package Includes:

- 1 x Batt Screed unit
- 2 x Tube Connectors
- 1 x Stationary Handle
- 1 x Charger
- 2 x 56V Flex Volt Batteries
- (Tube not Included)

RE-THINK CONCRETE CONSOLIDATION

DID YOU KNOW? By lowering the VPM's of a concrete vibrator and increasing the impact, results in better concrete consolidation, less forced bleeding and a superior finish. Lower frequency high impact vibrations only affect solids (aggregate & sand) and not liquids resulting in vastly improved concrete consolidation and finish.

Minnich have perfected the art of concrete consolidation and developed state-of-the-art electric vibrators designed for today's concrete mixes.

FEATURES

- Light weight Electric Drive Unit
- Interchangeable shaft
- Interchangeable head
- Made in USA
